John F. Kennedy High School
2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office. |
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School Mission Statement:
John F. Kennedy High School's Mission is…

To ENGAGE students in school, community, and global activities which encourage passion, empathy, and open-mindedness.

To EDUCATE students in a rigorous and diverse curriculum that fosters critical thinking, creativity, collaboration, and communication.

To EMPOWER students to be inquirers who work in conventional and innovative ways to be successful in their life pursuits.

Highlights:
John F. Kennedy High School is one of nine comprehensive high schools in the Anaheim Union High School District (AUHSD). Kennedy opened its doors in 1964 and has a current enrollment of approximately 2,216 students in grades nine through twelve. It was the first school in the United States to be named after President John F. Kennedy. Kennedy is the only high school in the small city of La Palma. It became a California Distinguished School in 2013 and a Gold Ribbon School in 2017. In 2020, it became a California Democracy School. Go Irish!

John F. Kennedy High School offers the only International Baccalaureate (IB) program in AUHSD. In 2020-21,128 International Baccalaureate students took 429 IB exams. 50 students were IB Diploma Candidates with 43 (86%) earning IB Diplomas. The average grade obtained by students earning the IB Diploma was 4.74 and average score was 30. There are currently 49 diploma candidates for the 2021-22 school year.

Demographic Information:
Kennedy High School serves approximately 2,292 (2,161 in the comprehensive program, 131 in Independent Study) students, in which about 51% participate in the free and reduced meal program, 6.3% are English Learners, 10% are Students with Disabilities, are 8.8% are McKinney Vento, .2% are Foster Youth and 2.2% on 504 plans. The demographic profile of Kennedy students also indicates the following regarding student subgroups: 3.4% African American; 18.7% Asian; .2% American Indian/Alaskan Native; 11.9% Filipino; 43.9% Hispanic; .6% Native Hawaiian or Other Pacific Islander; 6% Two or More Races; and 15.2% White. 31 languages are spoken at home by our students, with Spanish (19.5%), Korean (6.3%), Vietnamese

2021-22 School Overview

(3.6%), Pilipino/Tagalog (4.2%), Indian Dialects (2.2%), Arabic (1.9%), and Chinese Dialects (2.2%) being the most predominant non-English languages.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All content subject areas utilize standards-aligned, State and District adopted textbooks and instructional materials. Teachers have input into the textbook selection process at the district level through an established curriculum cycle. Teachers are given in-depth training on the instructional materials and the ancillary materials that accompany the basic textbook material. Ancillary materials support both the language needs and the learning needs of students.

This information was collected in September 2018.

Year and month in which the data were collected	September 2020

Subject	Textbooks and Other Instructional Materials/year of Adoption	From Most Recent Adoption?	Percent Students Lacking Own Assigned Copy

Most labs have additional equipment appropriate for the courses being taught in the room.	Yes	0

School Facility Conditions and Planned Improvements

Kennedy High School opened in 1964. The 47.4 acre site includes 80 regular classrooms. Twenty-six of these are rooms, which are designed for specific programs (i.e. computer labs, science lab, choral music, etc.). The site includes a multi-purpose room, a media center, a performing arts center, two gyms, and a variety of sports fields.

Maintenance and Repair: Site and District maintenance staff ensure that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service. Emergency repairs are given the highest priority.

Cleaning Process and Schedule: The District's Board of Trustees has adopted cleaning standards for all schools. The administration works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. All classrooms and restrooms are cleaned daily. Deep cleaning, including waxing of floors and painting, takes place during times when students are not in classes. Students, parents, and staff are encouraged to report any objectionable conditions via a uniform complaint procedure.

Currently, the latest modernization and construction project taking place at the school site involves the addition of four portable classrooms, the reconfiguration of the student/visitor parking lot, renovation of the culinary arts classroom, and installation of a new school marquee with two digital screens, perimeter fencing, and surveillance cameras. This $6.1 million project is supported with funds raised by the Measure H Bond. This project was completed by March 2019. The previous modernization and construction project, completed about 15 years ago, yielded a new practice gym, expansion of the library, a new auditorium, and two new science classrooms. The modernization portion of the Kennedy project, which included 12 campus buildings and support facilities, such as the kitchen, was completed in conjunction with the new facilities project.

The most recent site inspection was completed on October 29, 2021.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only
Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options
Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

John F. Kennedy High School has ten career pathways that represent several industries that suit the needs, interests, and demands of its diverse student body. During the 2021-2022 school year, courses were offered in the following career industry sectors: Arts, Media & Entertainment; Education, Child Development, and Family Services; Business & Finance; Health Science & Medical Technology; Hospitality, Tourism, and Recreation; Information and Communication Technologies; Marketing, Sales, and Service; Entrepreneurship and Innovation; and Public Services.

Our CTE pathway courses are designed using the CTE Model Curriculum Standards, ensuring that students are developing the key skills needed to succeed in both school and the workplace. All of our teachers are trained to provide the best possible instruction for all students, including those in CTE pathways, with a focus on universal design for learning, ensuring that all students can access the curriculum. Our district measures the success of our CTE programs by evaluating the graduation rate, A-G completion rate, post-secondary enrollment, and when possible the career placement of students. This data guides which CTE pathways are offered, as well as the alignment between curriculum and the needs of each industry sector. CTE teachers attend regional advisory boards for each industry sector to stay up to date on the latest trends, skills desired of employers, employment outlook, and post-secondary programs related to the industry sector. These advisory boards are provided by Vital Link, a local non-profit organization that connects businesses with school districts, ensuring that the knowledge gained at the advisory boards represents the surrounding region.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

2021-22 School Safety Plan

School Safety Plans are reviewed, discussed, and updated on an annual basis. Input is gathered from staff, students, and community resource groups along with the School Site Council in order to determine any needed changes. The Kennedy High School Safety Plan is implemented by staff members. No less than four safety/evacuation drills are conducted throughout the school year. Students, teachers, and other faculty members are required to participate in these drills. The School Safety Plan was last annually reviewed at the School Site Council Meeting on December 15, 2021. The plan includes goals to ensure Kennedy High School is a safe and secure place to receive an education. The School Safety Plan includes several objectives throughout the year to attain the goals which include but are not limited to the following criterion: Kennedy High School will work closely with local law enforcement agencies and district administration administration in responding to potential community threats to the safety of students, staff and parents. Kennedy High School will form a parent safety committee that will help with the supervision and communication between students, staff and the community. Kennedy High School will form a Safety Committee to update procedures, identify needs, and implement new protocol throughout the year. The Committee shall have an annual safety summit to thoroughly review and examine and access safety issues and concerns. Kennedy High School Administration will monitor and investigate parent and student social media concerns.

2020-21 Types of Services Funded

Kennedy High School receives supplemental funding through Title II, Title IV, and the Local Control Funding Formula (LCFF) for the following programs: International Baccalaureate (IB) Diploma Program, English Learners, Special Education, Career Technical Education (CTE), Visual and Performing Arts Programs (VAPA), and professional development. Kennedy High School also supports interventions through a Multi-Tiered System of Support (MTSS) model where First Best Instruction is emphasized. LCFF funds provide additional educational opportunities and interventions to English Learners and students who are at risk of falling below grade level. Also funded through LCFF are the Family and Community Engagement Specialist (FACES), parent education programs, and support materials, including computer software, hardware, and peripherals. LCFF funds are also used to support after-school academic tutoring. Title II funds are used to provide teaching staff professional development in educational practices to best serve our students. Title IV funds are used to provide support for professional development in world languages, VAPA, and English Learners support. Perkins funds are used to support Career Technical Education (CTE) pathway programs.

Professional Development

Teachers participate in a variety of District in-services as well as professional development workshops and conferences to enhance their content knowledge and instructional skills. This is in addition to four professional development days and weekly late-start meetings, which are scheduled each year for professional learning activities. New teachers are also required to participate in a teacher induction program. The District and school continue to train teachers in strategies to deliver a differentiated curriculum with depth and complexity. Teachers learn to utilize students' assessment results in order to target instruction to better meet the individual needs of students. Classified staff members have many opportunities to participate in training designed to enhance their effectiveness with students. All District staff members are supported in their efforts to deliver highly effective lessons. Teachers and administrators are given many opportunities to examine current instructional programs and strategies and realign with state curriculum performance and content standards. Research-based instructional strategies are reviewed and implemented.

In addition to what the district provides, Kennedy High School has weekly professional development opportunities on Tuesday's late start days. The time is utilized by departments, specialized programs, and cross-curricular articulation. All educational staff is involved in a variety of workshops and conferences.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
